

Bolchazy-Carducci Publishers Moodle

Using best practices Bolchazy-Carducci Publishers designed the *Lumina* content as a universal style syllabus, by chapter/book. Providing a chapter/book overview layout with exercises listed in the order they are presented in the textbook.

While a universal style syllabus is the best practice to provide online graded content to multiple users/schools, there are limitations with the universal style setup.

- Teachers can not add content to the B-C Moodle course
- Teachers need to use an external method to assign the *Lumina* exercises
- Teachers need to export student grades from B-C Moodle and enter grades into their gradebooks

The screenshot displays the Moodle course overview page for Bolchazy-Carducci Publishers. The interface includes a top navigation bar with a hamburger menu, the site name 'B-C Lumina', the language 'ENGLISH (EN)', and notification icons. A left sidebar contains a list of navigation links: Home, Dashboard (highlighted), Calendar, Private files, Content bank, My courses, A/L Level 1, A/L Level 1 Sample Course, A/L Level 2, Lumina: LNM Level 2, Caesar and Vergil Selections, Introduction to Moodle, and Site administration.

The main content area is titled 'Course overview' and features a filter dropdown set to 'All (except removed from view)'. It displays six course cards arranged in a 2x3 grid. Each card shows a course title, a progress bar, and a completion status. The courses are:

- Artes Latinae (0% complete)
- Artes Latinae (0% complete)
- Artes Latinae (0% complete)
- Advanced Placement Latin (0% complete)
- Latin for the New Millennium (0% complete)
- Miscellaneous (100% complete)

Interactive Exercises Overview

Latin for the New Millennium interactive exercises provide an additional study aid for the content of the printed textbook or eBook.

These exercises are designed to reinforce lessons taught in the books and are labeled with the corresponding textbook page number for reference.

For each chapter there are additional practice exercises in the sidebar. These are more in-depth questions to allow for further student review. The exercises are automatically graded for the teacher.

Teachers using this interactive platform will have more in-class time to focus on discussion, translation, and comprehensible input activities.
