

Latin for the New Millennium Levels 1 and 2,
Caesar and Vergil Selections, and *Artes Latinae* Levels 1 and 2

Welcome to Bolchazy-Carducci Publishers Lumina Online Content

Bolchazy-Carducci Publishers has developed **Lumina** content for ***Latin for the New Millennium*** Level 1 and Level 2, ***Caesar and Vergil Selections***, and ***Artes Latinae*** Level 1 and Level 2.

Lumina: Latin for the New Millennium Level 1 and *Latin for the New Millennium Level 2* is designed to be guided online practice to accompany the *Latin for the New Millennium* textbooks.

Lumina: Caesar and Vergil Selections offers online interactive exercises designed to prepare students for the rigors of the AP[®] Latin exam. Hundreds of automatically-graded multiple choice questions promote close reading of all syllabus selections and provide students with immediate feedback. Ample free response questions ensure that students have the tools to thoroughly analyze and respond to syllabus passages. Practice exams prepare students for exam format, while vocabulary and figures of speech flashcards allow for additional review.

Lumina: Artes Latinae Level 1 and *Artes Latinae Level 2* are online courses. These self-teaching Latin courses are revised editions of the *Artes Latinae* DVD program and use the *Artes Latinae* Program Method of teaching.

How do teachers and students access Lumina?

Lumina is available for individual learners and for classrooms.

- For individuals and classrooms not using a school learning management system, *Lumina* is available from Bolchazy-Carducci Publishers Moodle site.
- For classrooms with a school LTI link compatible, learning management system LTI links are provided for the *Lumina* content.

A few examples of LTI link compatible learning management systems: Canvas, Moodle, Schoology, Blackboard, and Blackbaud

What are the differences of accessing Lumina from the B-C Moodle site and a school learning management system?

The *Lumina* exercises function the same, the difference is the set-up.

B-C Moodle Site

Using best practices Bolchazy-Carducci Publishers designed the *Lumina* content as a universal style syllabus, by chapter/book. Providing a chapter/book overview layout with exercises listed in the order they are presented in the textbook.

While a universal style syllabus is the best practice to provide online graded content to multiple users/schools, there are limitations with the universal style setup.

- Teachers can not add content to the B-C Moodle course
- Teachers need to use an external method to assign the *Lumina* exercises
- Teachers need to export student grades from B-C Moodle and enter grades into their gradebooks

School Learning Management System – LTI links

Using Bolchazy-Carducci Publishers *Lumina* content LTI links teachers place the LTI links in their school learning management system course.

Using an LTI Link compatible learning management system allows the teacher to build their course based on their own syllabus. Bolchazy-Carducci does provide an overview document of the *Lumina* content as a guide for setting up your learning management system course.

- Teachers add *Lumina* content to their course based on the order and pace they teach the course
- Teachers use their course learning management system to assign the *Lumina* content exercises
- Student grades are automatically recorded in the course gradebook
